Hillary lit a candle in honor of Archie.

I am a physical therapist assistant at Capital Region. I had the greatest honor of having Archie as a patient on several different occasions. Archie was the perfect example of why I love my job so much and why I strive to do as much as I can to improve and enrich other people's lives. He was one of my favorite patients; always cracking a joke as I entered the room, and always fighting to do as much as he could during therapy, even when he wasn't allowed to! I will never forget this kind, wonderful man. My sincere condolences to his family.
