I am deeply saddened to hear of the passing of Ron Johnson. It is disheartening to especially hear after services were held, as my family and I would have definitely attended to pay our respect to him. So sorry to hear about Ronald. I remember when I was working for OATS and my supervisor implied that I had stolen some money which I had found in my desk drawer. There was a bank money bag containing cash from a cookbook sale received during the fair. Although I was not hired until September or October, the boss said that the money in the bag did not add up to the number of sales. The police department was contacted and Ronald escorted the 3-employee office workers (including the boss) to Marshall so that we could be administered the polygraph test... The Secretary (who was NOT me) was the only one who did not pass the lie detector test. When we returned to Sedalia, the whole thing was dropped but I never received an apology. The boss man only said that he knew none of us took the money... Ronald was very polite and professional. He calmed my nerves because I was very upset about being accused and the length that man went through to prove I was a thief. My prayers are with the family. Alona Boggess-Reid Fort Payne, Alabama

I remember Ron as a devoted grandfather, particularly for Britt and Darin. I remember when Britt was in the hospital in Columbia; she was about 2. Ron had his shift with her and I was coming to relieve him. He was working so hard to get a proper good-bye from her and Britt was being so coy-she knew exactly what she was doing and kept looking away. He finally gave up and just kissed her on the top of her head. He was always at their ball games. We pray sweet memories sustain each of you at this time-we know that he is in a better place. God bless each of you.
